

# Urban

# Forestry Accelerator

SPRING 2024 TO SPRING 2026

## *About the Accelerator*

The Urban Forestry Accelerator Grant is a multi-year collaboration to grow the tree and shade canopy in metro Phoenix while also growing an urban forestry industry.

**This opportunity is funded by** the Greater Phoenix Urban Forestry Accelerator Initiative, which is a Justice-40 initiative in collaboration with 5 community-based organizations, 4 municipalities, 3 industry partners, 3 national organizations, and 3 ASU departments.

Unlimited Potential will co-create community-scale urban forestry plans with residents, and deliver a new workforce development curriculum with industry-community partnerships.
